## What Is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at all druggists.

VALERIA VAGABOND.

School at this place is progressing nicely; daily attendance 42.

John Swango, of this place, is still in the West looking out for a location.

Perhaps before another month rolls by we will have daily mail to this place, which is greatly needed.

Quite a crowd of young people were entertained at the home of Mr. and Mrs. Burns Kash Sunday afternoon.

Miss Edna Williams, of this place, will leave in a short time for Jackson, where she will spend the winter in school.

Rain is greatly needed. Water is so scarce here the people will have to begin hauling it from Red River to drink.

Mrs. Lou Brewer, wife of Tom Brewer of this place, who has been on the sick list for sometime, is much improved at this writing.

Married, on Wednesday last, at the home of the bride, on Laurel, Moore Adams and Miss Emma Risner. The happy couple arrived here Wednesday night, where they will make their future home.

Ye scribe attended the association at Sulphur Sunday. There was a large crowd and dinner on the ground. Among them were John Cravens and daughter Miss Della, Curtis B. Rose and Charley Brothers, of McCausey; Howard James and Miss Pearl Day, Hazel Green. All seemed to enjoy the meeting, notwithstanding the many attractions on the outside, such as popcorn, melons and lemonade.

Sept. 15. PANSY.

## Buy This Pretty Home.

Any one wishing to buy a modern 8-room residence with three acres of ground, on which are 30 bearing apple trees of finest fruit, a never failing well of fine water, the best garden spot in the mountains, &c., eligibly located in Hazel Green, can secure A GREAT BIG BARGAIN by calling upon or addressing SPENCER COOPER, Hazel Green, Ky.

An attempt on the part of Attorney Blanton, in behalf of Curtis Jett, charged with the murder of James Cockrell, to secure a continuance of the case on the ground of absence of attorneys, was overruled by Judge Osborne. A motion was then made for a change of venue.

O. Palmer, a practical oil driller from Pennsylvania, who has been drilling a well on the John Carter farm, near West Liberty, which proved a dry hole, was at the Day House Tuesday for dinner. He was en route to Campton to see what the prospects there are.

## A Dirty Scheme.

Feeling that the verdict in the Calhoun Powers case has cast a blight upon the entire Republican organization in Kentucky, the Republican leaders in the pending campaign have resolved to make it an issue in the election for Governor. To this end a gigantic plan has been formulated, and has practically been launched, to solicit a national contribution from Republicans.

An alleged Kentucky murderer was arrested in Virginia and taken to Harlan county by the Sheriff and Jailor of that county.

A Bell county photographer had a desperate encounter with a catamount, but succeeded in killing it with a rock.

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HAZEL GREEN, KY.

THURSDAY, : Sept. : 17, 1903.

Our Candidate for President,

WM. RANDOLPH HEARST, OF NEW YORK.

There is always an element of uncertainty in the game of politics, but viewing the outlook with calmness and due consideration of mishaps, we cannot now see how it is possible to prevent the nomination of William Randolph Hearst as the Democratic candidate for president, however much the tricksters within the party should attempt to defeat that end, aided by a corruption fund from the trusts within the Republican ranks. Never since 1876, when Samuel J. Tilden was the standard bearer, has any Democrat been named who was so popular as is Mr. Hearst, nor is this popularity sectional in its scope. North, South, East and West, the same feeling prevails. He is mentioned in the highest terms of praise in every section where a newspaper is published. He is today the most idolized man in America. Aye, probably the most idolized since the government was founded. Defeat such a man? Never! You might as well try to crush a mastodon with a mouse. And mark the prediction, William Randolph Hearst will be the Democratic nominee, and he will be elected by the largest popular vote ever polled. Under the caption, "Public Opinion," published with this issue are the expressions of a few of the thousands of papers that are sounding his praise. The people want him, and the people will have him.

**Fearful Odds Against Him.**  
Bedridden, alone and destitute. Such, in brief was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with Kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies: "I'm on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50c at all druggists.

The nomination of Judge Robt. Riddell, of Irvine, for Circuit Judge, and of James Roberts, Esq., Beattyville, for Commonwealth's Attorney, makes a team hard to beat. The district is too close for Democratic comfort, but if these gentlemen do their duty, and the voters in turn go to the polls and vote, victory is assured.

**PUBLIC OPINION.**  
*The Man for the Task.*  
There is but one man living who can rescue New York. \* \* His name is William Randolph Hearst. —Sampter (S. C.) Freeman.  
\* \* \*  
*Exactly Fills the Bill.*  
Of the many men named to lead the National Democracy, none, in our estimation, seems to fill the bill like William Randolph Hearst, of New York and California—Tacoma (Wash.) Sun-Democrat.  
\* \* \*  
With the solid labor vote of the East behind him, Hearst would undoubtedly stand a better chance of election on the Democratic ticket than any other man whose name has yet been mentioned.—Houston (Texas) Labor Journal.

*A Most Worthy Claim.*  
Though many times a millionaire through inheritance, Mr. Hearst has continually championed the cause of the poor against that of the rich, and this the basis of his claim (of his friends) on popular favor.—The Press, Sioux Falls, S. D.

*Many Distinguished Features.*  
The News still believes that Mr. Hearst is the most available man for the Democratic nomination. He has brains, energy and industry—is honest, and enterprising, distinguished for his executive ability, his philanthropy and his hustle.—Pennsboro (W. Va.) News.

*Practical Philanthropy.*  
William R. Hearst shows that he is a practical philanthropist. He recently purchased one thousand tons of coal for spot cash and established depots throughout the city of New York, where he sold the coal to poor people at actual cost, \$5.00 a ton.—Democrat, Flemington, N. J.

*He Seeks Live Issues.*  
W. R. Hearst has at last turned out a definition which has been lacking for some time, and which ought to help his campaign for the presidency. He has taken J. P. Morgan's "undigested securities" and raised it into a campaign issue. Hearst is looking for live issues, not dead ones.—Record, Boston, Mass.

*The Real Hero of the Masses.*  
One of the Democratic leaders at Washington, the other day said there was a man in the East who would have to be reckoned with as a potent factor before the next convention, and who, he said, was the real hero of the masses of the people of this country, and that man is William Randolph Hearst.—The Times, Shreveport, La.

*One Prime Reason Why.*  
It is safe to say that William Randolph Hearst is one of the very few men with unlimited capital and opportunities, who uses both for the betterment of the conditions of the poor. That is the prime reason that should be assigned why he should make an acceptable candidate and a good president.—Dallas (Texas) Times-Herald.

*No Fault With Hearst.*  
No one has ever questioned Mr. Hearst's integrity. If a candidate is desired with personality sufficient to arouse and enthuse men so they will go to the polls in a solid phalanx, these New Yorkers might turn to William Randolph Hearst. Democrats who admire regularity can find no fault with Hearst.—World-Herald, Omaha, Neb.

**King Indicted.**  
An indictment was returned Friday morning by the Harrison grand jury charging Juror Jap King with falsifying in the Jett White case. King was arraigned on the charge of contempt of court preferred by County Attorney Webster.

**The Kidneys and the Skin.**  
If the kidneys are weak or torpid, the skin will be pimply or blotchy. Hood's Sarsaparilla strengthens and stimulates the kidneys, and clears the complexion. By thoroughly purifying the blood it makes good health.

## SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

"When you turn the life insurance agent away with the promise of next week, next month, or next year, do you ever reflect how uncertain it is whether he can do you any good? In the first place, you may not be alive when the time comes around. In that case the business is settled once for all. But if you are, and want the company, the company may not want you. Any one of a thousand things may turn up to disqualify you for membership. That cough may return, or exposure may have weakened you, or disabling accident may have come, or added to an already none too good record, some of your near relatives may have been carried off by a prejudicing malady. A life company is a pretty exclusive sort of club. It doesn't take much to get you blackballed there. It is a good day when the man and company both conclude they want each other."—Insurance Age.

### The Genuine vs. Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by all druggists.

### Of Interest In the Kitchen.

The Delineator for October presents an especially attractive array of culinary topics. In the unique cookery series "Carletta and I" the story of the wedding dinner is told, and excellent recipes accompany the narrative. Autumn Fruits and Vegetables occupies two pages with illustrations and recipes. In a special article the making of ginger bread and cakes is explained, and another paper imparts the secret of making old-fashioned New England pies—"pies like our grandmothers used to make." Useful Knowledge about Eggs gives information not generally known but well worth possessing.

## State College of Kentucky.

THE AGRICULTURAL AND MECHANICAL (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than 50 professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well-equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a College home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science.

Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of COLLEGE, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

"After my first baby was born I did not seem to regain my strength although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband insisted that I take Wine of Cardui for a week and see what it would do for me. I did take the medicine and was very grateful to find my strength and health slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Wine of Cardui reinforces the organs of generation for the ordeal of pregnancy and childbirth. It prevents miscarriage. No woman who takes Wine of Cardui need fear the coming of her child. If Mrs. Unrath had taken Wine of Cardui before her baby came she would not have been weakened as she was. Her rapid recovery should commend this great remedy to every expectant mother. Wine of Cardui regulates the menstrual flow.

## CAMPTON COURIER.

BENJ. SEWELL, Editor. VOL. I. No. 21

Sam J. Elkins, of Lane, Monday matriculated in K. W. A. at this place.

Rev. W. T. Tyler preached at the M. E. church here Sunday to a fair-sized audience.

Mrs. Lydia J. Stamper and her daughter Edith have gone to Cincinnati to purchase a stock of up-to-date millinery goods.

S. S. Combs and wife have gone to Louisville and other places to purchase a new line of goods for the mercantile firm of S. S. Combs & Sons.

As announced heretofore the funeral of Uncle Thos. Tutt and wife will be preached next Sunday at the Bethel church by Rev. N. G. Robinson, of Nicholas county.

Prof. George A. Clarke has been indisposed for several days, but was able to witness an exhibition of old-time Democracy here Saturday in the Democratic yow-yow, called a convention.

A little more liquor, and the Democratic convention here last Saturday would have been a fustian success. Spencer Cooper was conspicuous by his absence, which we regret, as the responsibility is shifted onto us to report it "as it was." We will ask Hon. C. C. Fulks to verify our report.

The Democrats of Wolfe have immortalized themselves again in a mass convention held here last Saturday. All those who participated in the enthusiastic affair will have their names written on the marble Hall of Fame. G. T. Center was elected as temporary chairman and Charley Cardwell temporary secretary of the convention. Upon motion the temporary organization was made permanent. The proceedings moved along fairly well on the waves of noise and bustle until the question of instructing the county for So-and-So was reached. Here a ripple of thunder smashed in upon the deliberative body, the most popular for yelling and noisy rowdiness ever assembled in the county. A resolution was offered to instruct the county for A. H. Stamper for Commonwealth's Attorney and otherwise be uninstructed, but to elect Riddell delegates. This did not meet the unanimous approval of the Riddell followers inasmuch as they wanted the delegates instructed for Riddell, also. After much jowling and wrangling the fierce looking form of A. H. Stamper mounted the platform and declared with not enough feeling of bitterness that he was no longer a candidate. Whereupon the convention, in order to cover the nigger-in-the-wood-pile, instructed this county

for C. C. Fulks for Commonwealths Attorney and Robert Riddell for Circuit Judge. And thus ended a memorable convention, the like of which we hope to witness again, again and again.

## A Warning!

BAD breath is a warning that should not be neglected. It means that the food is not being properly digested—that Indigestion and Dyspepsia will invariably follow, if the warning is not heeded. When the liver is inactive, the food remains on the stomach, generating foul gases that permeate the entire system, poisoning the blood, and giving rise to the ill-smelling breath.

PLANTERS NUBIAN TEA—purely vegetable—containing no mineral or other deleterious ingredients—will speedily relieve and cure all disorders of digestion. Steps at once bad breath, bloating, lost appetite, and all the long train of disagreeable symptoms. Arouses the torpid liver to action—makes every organ in the body strong and well. At all druggists, or by mail, post-paid; 25c. per package, 5 packages \$1.00. Sample and booklet free to any address.

was harmless, because that the brute was not only very old and decrepit, having been in the family a long number of years, but that it was also totally blind. The Court, however, informed Mr. Freeman that neither his age or blindness were valid grounds for sheltering such a dangerous animal, and that his age and blindness only added to his ferocity, and assessed a fine of \$50.00 against the defendant, which seemed to hurt the feelings of the latter, somewhat.—Jackson Hustler.

### Tomorrow May Be Too Late.

How many times have you put off something, saying: "I'll do that tomorrow"? But when tomorrow came you again put it off and have kept on putting it off ever since. When asked why, you say "Oh, there's plenty of time yet." IS THERE? Just one example. A young man was taken ill and attended by a physician who left him some medicine to take at a certain hour. When the time arrived the young man, feeling better, said: "I don't need that now," and cast it aside. On the morrow a cramp on the door and the tear-stained faces of wife and little one told a story too sad to picture.

Among the many uncertainties of life there comes a certainty—it is Death, and we must all meet it. It rests with you to make provision for those who depend upon you. The best protection that money can buy is in the
